

## Stabilo Series

The Stabilo series is designed for blends of paraffin and vegetable waxes also containing solid color and fragrance. It is suitable for both container and pillar applications.

The coreless wick construction combines threads made of the highest grade ring-spun cotton with paper filaments for extra stability.

The series comprises a wide range of wick sizes to cover small to large diameter applications.

In case of particularly "aggressive" blends, a number of Stabilo sizes are also available in the stronger **P15** (previously known as "KST") chemical treatment versions.

| Wick sizes             | Yield |        | Candle diameter* |        |
|------------------------|-------|--------|------------------|--------|
|                        | m/kg  | yds/lb | mm               | inches |
| <b>Stabilo 2 P10</b>   | 1251  | 621    | 40               | 1,7    |
| <b>Stabilo 3 P10</b>   | 1094  | 543    | 50               | 1,9    |
| <b>Stabilo 4 P10</b>   | 1121  | 556    | 50               | 1,9    |
| <b>Stabilo 5 P10</b>   | 901   | 447    | 50               | 1,9    |
| <b>Stabilo 6 P10</b>   | 871   | 432    | 55               | 2,1    |
| <b>Stabilo 7 P10</b>   | 811   | 402    | 55               | 2,2    |
| <b>Stabilo 8 P10</b>   | 751   | 373    | 55               | 2,2    |
| <b>Stabilo 9 P10</b>   | 738   | 366    | 55               | 2,2    |
| <b>Stabilo 10 P10</b>  | 681   | 338    | 60               | 2,3    |
| <b>Stabilo 12 P10</b>  | 631   | 313    | 60               | 2,4    |
| <b>Stabilo 14 P10</b>  | 591   | 293    | 65               | 2,5    |
| <b>Stabilo 16 P10</b>  | 566   | 281    | 70               | 2,7    |
| <b>Stabilo 18 P10</b>  | 556   | 276    | 70               | 2,8    |
| <b>Stabilo 20 P102</b> | 506   | 251    | 70               | 2,8    |
| <b>Stabilo 22 P102</b> | 421   | 209    | 75               | 2,9    |
| <b>Stabilo 24 P102</b> | 386   | 191    | 75               | 3      |
| <b>Stabilo 26 P102</b> | 338   | 168    | 75               | 3      |
| <b>Stabilo 28 P102</b> | 330   | 164    | 80               | 4      |
| <b>Stabilo 30 P102</b> | 281   | 139    | 80               | 4      |

Additional sizes available on request.

*\* The candle diameters listed are suggestions based on standard results. They should be taken as a starting point for testing purposes only, as burning rates may well differ due to variations between different candle systems.*

Wedo wicks combine the highest grade wick materials, state of the art braiding and spooling technology as well as tried, tested and approved chemical treatments to provide the cleanest and safest possible burn in the materials in question. The materials and processes also ensure consistent product quality from start to finish and from batch to batch.

The self-trimming wick stance minimizes or eliminates carbon deposit formation and greatly reduces afterglow.

Wedo can supply wicks on the specific spool sizes required to best fit the processes and requirements in the candle factory.

As an accredited supplier, Wedo only manufactures wicks which fulfill the stringent requirements of the European quality seal RAL GZ 041. Wedo is certified according to EN ISO 9001:2015.

Thousands of miles of consistent precision every year.
